

toboggan  
slide across the  
ice on its belly

preen  
to clean and  
arrange the  
feathers with its  
beak

incubate  
to keep the egg  
warm until it  
hatches

rookery

the nesting

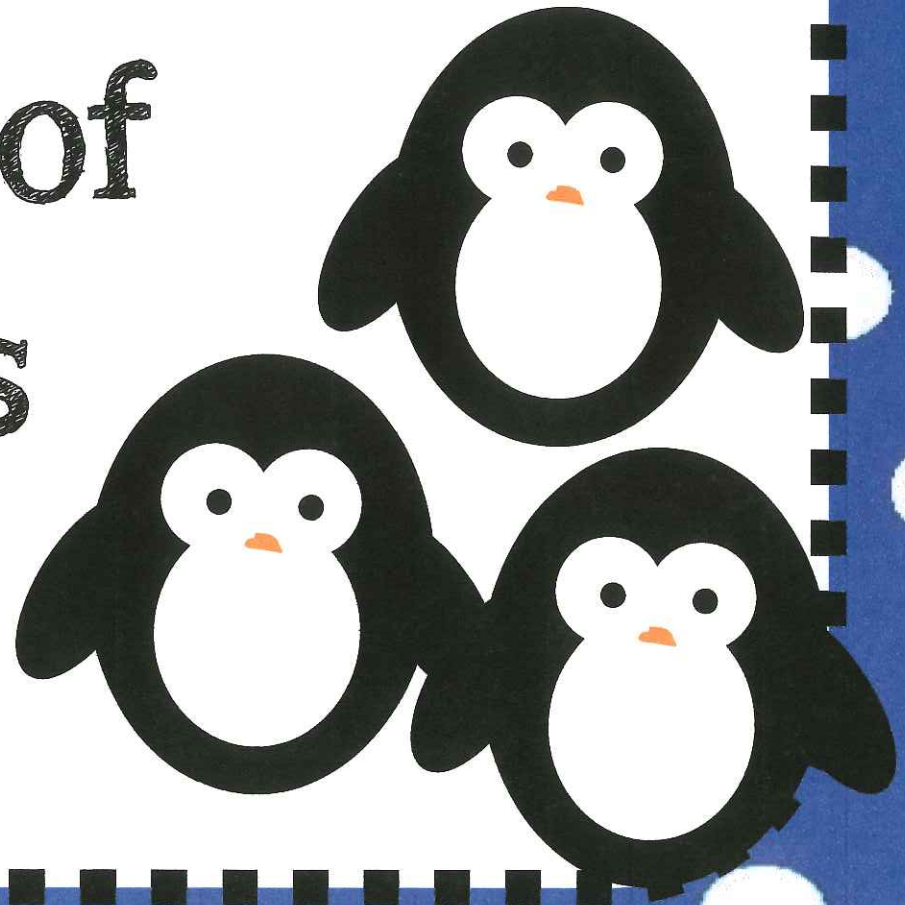

location, usually in

a large group of

penguins

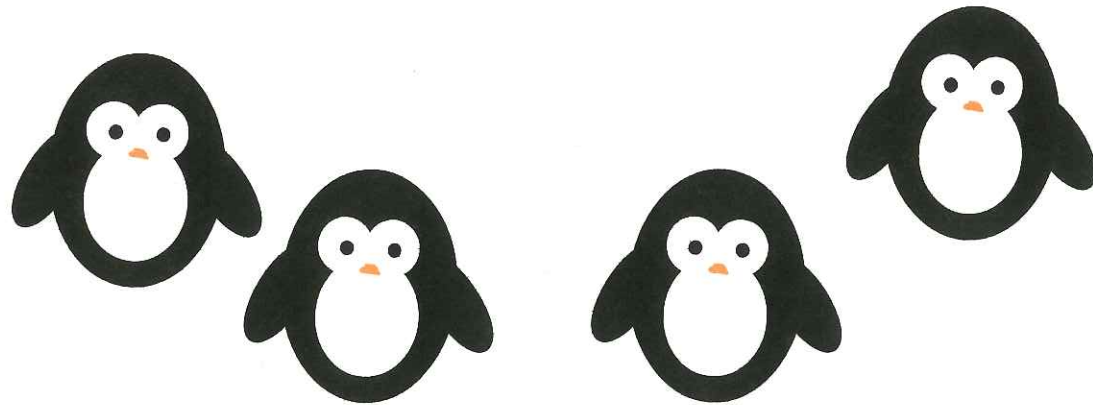

waddle

a group of  
penguins

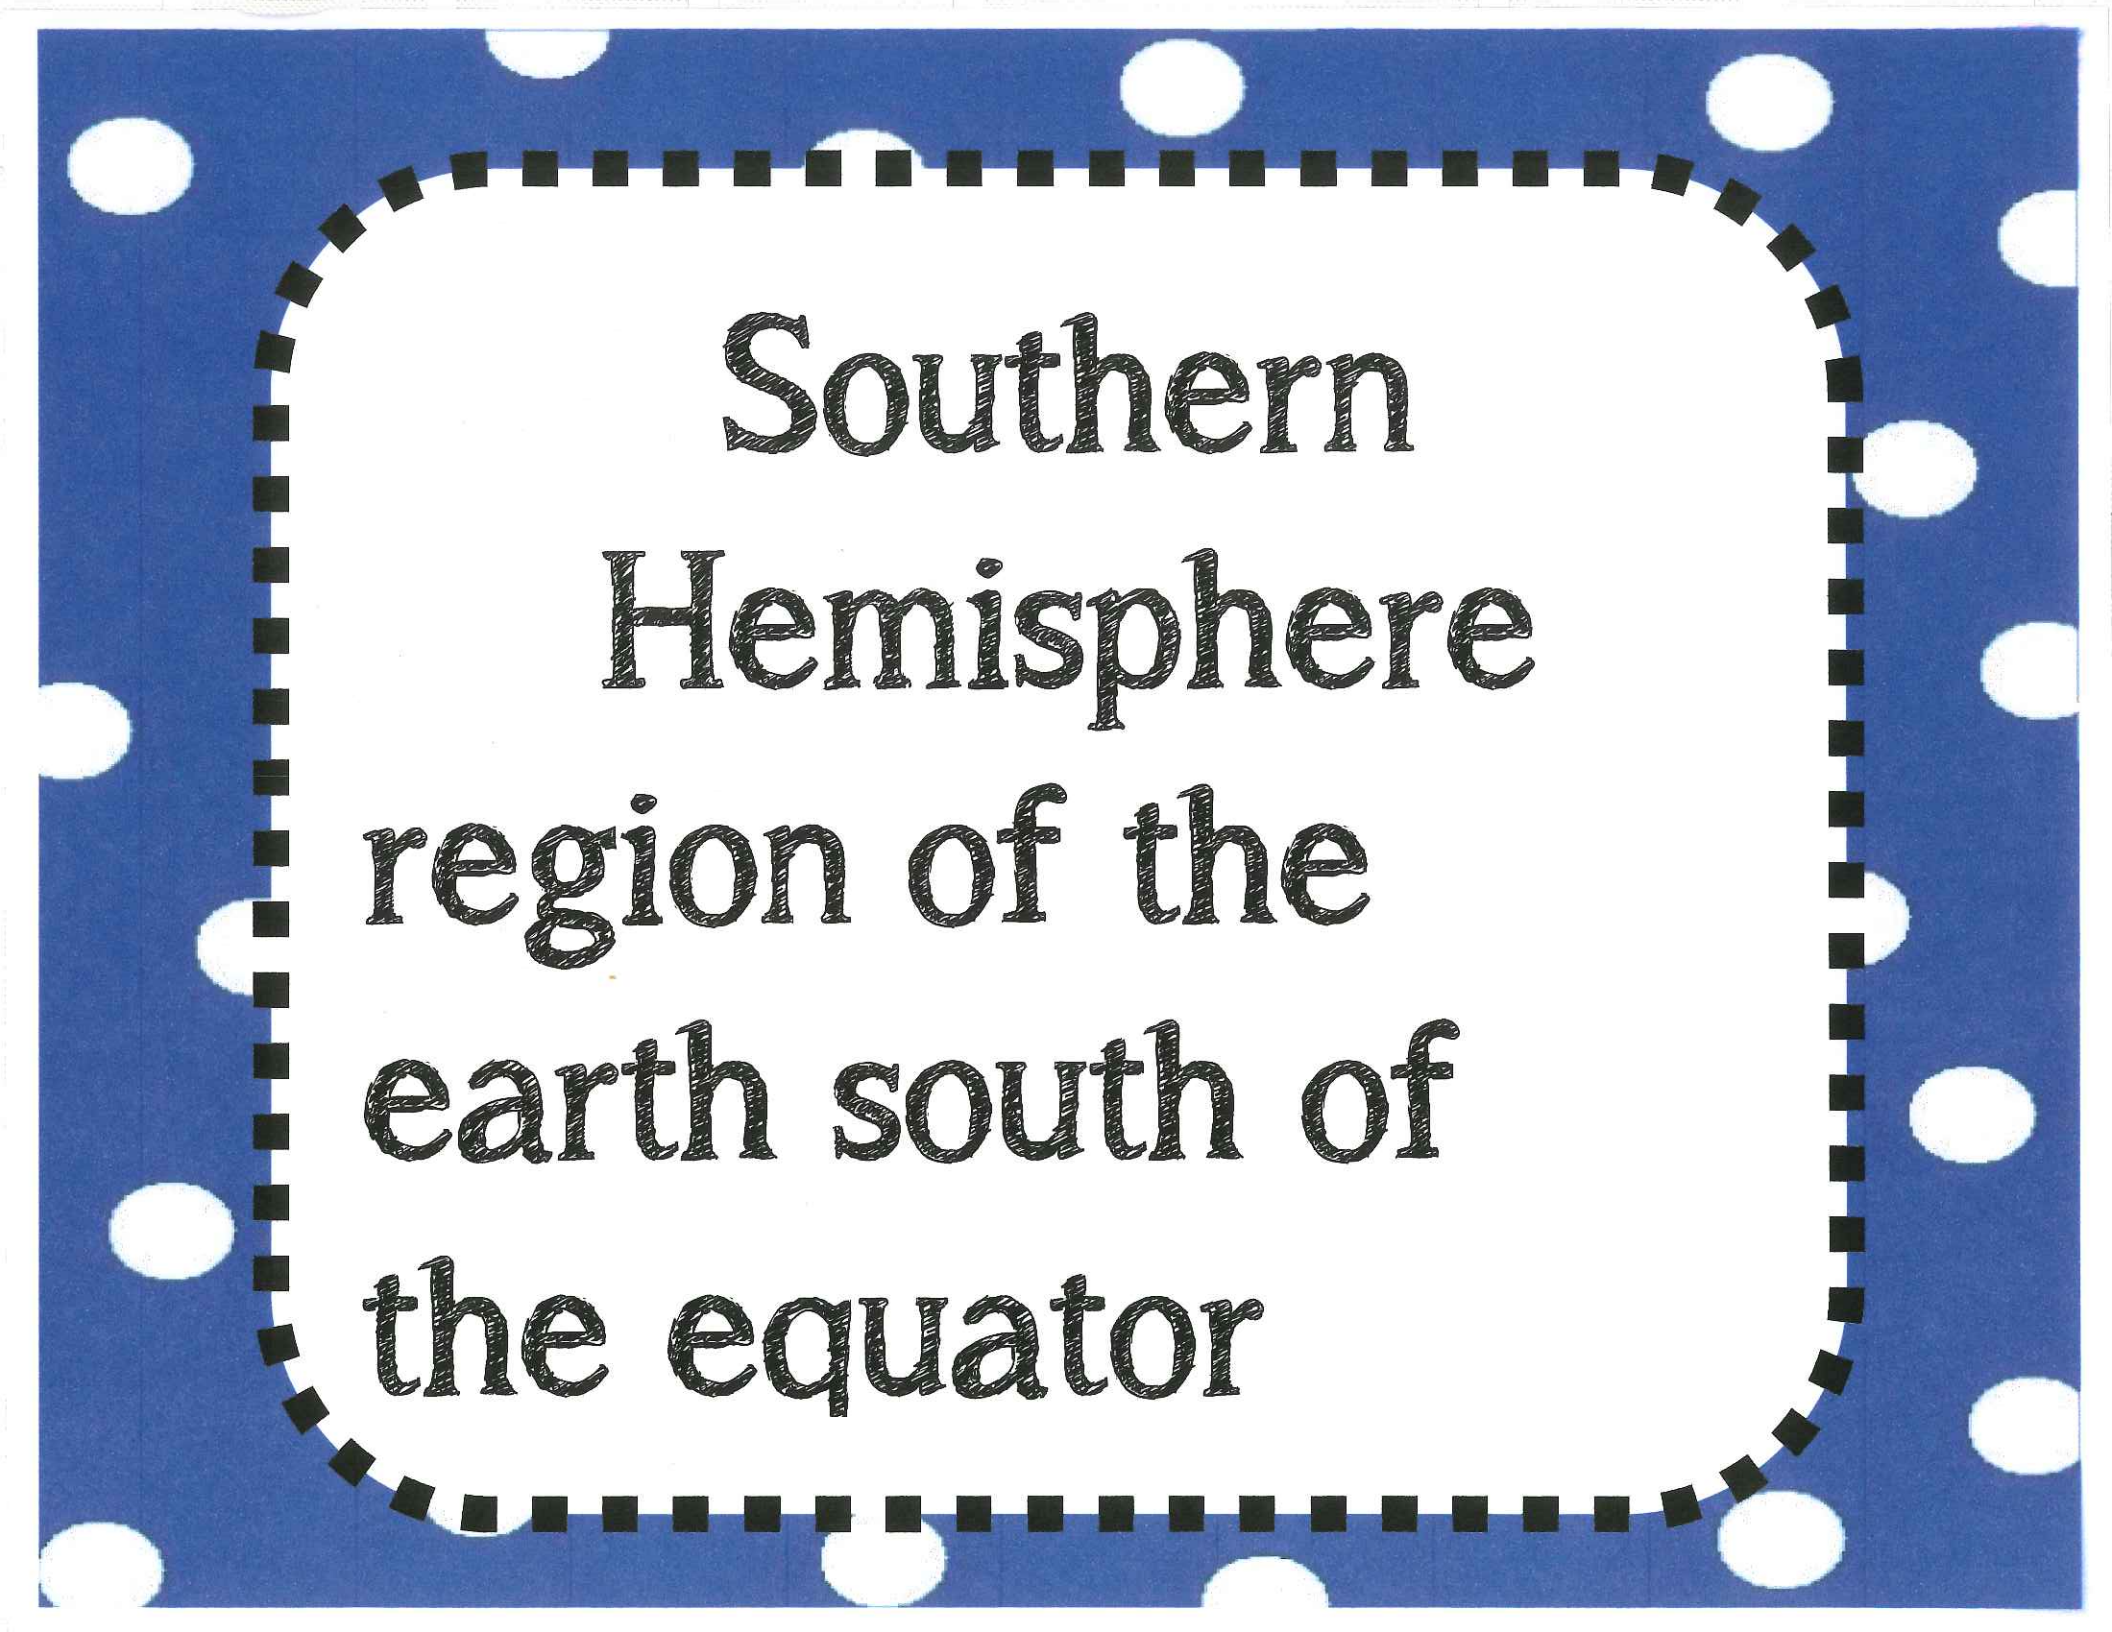

chick

baby penguin

regurgitate  
to vomit partially  
digested fish to  
feed the chick

A blue card with white polka dots and a white dashed border. The text is written in a black, hand-drawn style font. The text reads: Southern Hemisphere region of the earth south of the equator.

Southern  
Hemisphere  
region of the  
earth south of  
the equator
